

IOTA

Anodized aluminium 6060 extruded profile, designed and produced to be flush-mounted on plasterboard surfaces; its small size and recessed diffuser create an almost-invisible light source, which enhances the luminous effect and draws beams of light on the ceiling and on the walls. Extremely easy to install, thanks to the brushed snap-in diffuser and fixing springs. Ideal to house and dissipate LED Strips, create new and unique light effects anywhere, with any interior, thanks to its special recessed anti-glare screen.
